8 FAILED	4 HIGH	4 MEDIUM	0 LOW

1. Security

CHECKPOINT	OBSERVATION	RISK SEVERITY	OPERATIONAL IMPACT	CORRECTIVE ACTION	SLA	EVIDENCE
Key & Access Control	The key register has not been properly maintained.	MEDIUM	This could lead to unauthorized access or loss of control over keys.	Regularly update and maintain the key register to ensure accuracy.	Within 48 Hours	–
Material Inward & Outward Register	An incomplete entry was found in the material inward register.	MEDIUM	This could result in inaccuracies in inventory management and tracking.	Review and complete all entries in the material inward register promptly.	Within 48 Hours	
Staff Entry Exit Book	An incomplete entry was found in the staff entry exit register.	MEDIUM	This may hinder monitoring of staff movements for security purposes.	Ensure all staff entries and exits are accurately recorded in the register.	Within 48 Hours	

2. Kitchen

CHECKPOINT	OBSERVATION	RISK SEVERITY	OPERATIONAL IMPACT	CORRECTIVE ACTION	SLA	EVIDENCE
Other Observations	Marinated products were not stored according to proper food safety guidelines.	HIGH	This poses a risk of foodborne illness due to potentially spoiled ingredients.	Ensure marinated products are stored in appropriate containers at the correct temperatures.	Immediate (24 Hours)	

3. Bar

CHECKPOINT	OBSERVATION	RISK SEVERITY	OPERATIONAL IMPACT	CORRECTIVE ACTION	SLA	EVIDENCE
Equipment, Hygiene & Licensing	The outside bar was not properly cleaned.	HIGH	This could lead to bacterial contamination of surfaces and food served at the bar.	Implement a thorough cleaning schedule for the outside bar area.	Immediate (24 Hours)	

4. Service

CHECKPOINT	OBSERVATION	RISK SEVERITY	OPERATIONAL IMPACT	CORRECTIVE ACTION	SLA	EVIDENCE
Guest Feedback & Complaint Logs	Guest feedback has not been collected or properly maintained.	MEDIUM	This may result in missed opportunities to address guest concerns and improve service.	Establish a system for collecting and maintaining guest feedback records.	Within 5 Business Days	–
Uniform & Grooming Standards	Most staff members were not well-groomed.	HIGH	This could negatively impact the restaurant's image and guest perceptions.	Enforce grooming standards and provide reminders to staff on proper grooming practices.	Immediate (24 Hours)	–
Station Cleanliness	The side stations were not properly cleaned.	HIGH	This increases the risk of contamination and affects overall cleanliness standards.	Ensure all side stations are cleaned regularly and thoroughly.	Immediate (24 Hours)

DISCOUNT REPORT

FINDINGS AND OBSERVATIONS

Auditor noted high discounts on seven bills with discounts recorded at 35.00%, which exceed the 10% threshold and the auditor states the bills were not signed by a manager with a total discount amount of 107658.4.

CORRECTIVE MEASURES

Require documented manager approval and signature for any discount above the 10% threshold and retain that approval with the bill for audit trail.

ITEM CANCELLATION REPORT

FINDINGS AND OBSERVATIONS

Auditor noted that cancellation timelines were not followed and the register shows many entries with reasons such as "Double punching" and "Wrong Entry"; time differences in the table range from 181 to 24. Several cancellations are authorised/closed by the cashier entry "7. Cashier Jeet & KAUTIK", indicating repeated cashier involvement in these exceptions.

CORRECTIVE MEASURES

Require manager approval and a written justification for any cancellation logged as "Double punching" or "Wrong Entry", and enforce adherence to the cancellation timeline with periodic review of outlier TimeDiff entries.

BILL MODIFICATION REPORT

FINDINGS AND OBSERVATIONS

Auditor noted many items cancelled after bill generation; the register shows multiple post-bill '...Cancelled - Cancel Qty=1.0' actions, including repeated cancellations on bill 7834 recorded by '7. Cashier Jeet & KAUTIK'.

CORRECTIVE MEASURES

Require documented manager approval and a clear business reason recorded for every item cancellation made after a bill is generated, and ensure the authoriser is logged.

COMPLIMENTARY REPORT

FINDINGS AND OBSERVATIONS

The NC/complimentary register contains liquor items recorded with the reason field showing "NC Discou" and notes of "SPOILAGE" / "spoilage li", and the auditor noted these spoilages were not verified by the controller.

CORRECTIVE MEASURES

Require controller verification and documented manager approval for any non-chargeable liquor entries marked as spoilage, and retain supporting evidence for each spoilage before posting as NC.
